## COL. ROOSEVELT HAS HIS WAY HILO WANTS PRINCE KUHIO TO HUSTLE

### THE OLD TEAM RENOMINATED IN GARDEN ISLAND

LIHUE, Kauai, September 24.—The delegates to the Republican County Convention assembled at 11 o'clock today, at Lihue social hall, for the purpose of nominating the party candidates for the coming election in November.

The convention was called to order by the chairman of the last convention, Hon. W. H. Rice, and by vote of the delegates he was made temporary chairman of the convention, with W. F. Sanborn of Hanalei temporary secretary.

Nominations then being in order, the position of Senator was the first to be considered. The name of Hon. E. A. Knudsen, at present one of the two senators from Kauai, proved to be the only one brought before the convention, and a ballot was cast for Mr. Knudsen by the secretary.

A motion was here made by Dele-

gate Brodie, before continuing with the nominations, that each candidate be assessed \$2.50, to pay the expenses of the convention, seconded and passed.

A motion was made and passed that each of the candidates pledge himself to support the platform. Senator Knudsen was the first to give this pledge.

Nominations for Representatives were then declared in order, and the following names proposed and seconded:

M. R. Jardin nominated by K. W. Kinney; C. A. Rice by W. J. Sheldon; W. J. Sheldon by S. W. Wilcox; J. K. Kula by W. D. McBryde; George H. Huddy by J. P. Alohiha; J. H. Cone by W. H. Rice.

The name of M. R. Jardin was

### WARNS KUHIO THAT HE MUST HUSTLE

REPUBLICAN LEADER IN HILO SAYS LINK'S TALK HAS MADE A BIG IMPRESSION AMONG THE HAWAIIANS—KUHIO WILL HAVE TO WORK HARD—LABOR MEN MAKING SPECIAL FIGHT AGAINST CONTRACTOR METZGER.

"McCandless has made some telling arguments here and I think has made a big impression upon the Hawaiians. I have had a large number of Hawaiians and Portuguese workers in my office during the week and from what I gather from each of these, the Delegate is going to have some tall work in order to overcome the arguments of McCandless."

The above is the comment made by one of the leading workers in the Republican headquarters in Hilo. The same authority predicts the election of Hewitt as senator. That Makikan, Home Ruler and Democrat will be returned, is also regarded as very likely. According to a special received by The Star a particular fight is being made against D. E. Metzger, democra-

tic candidate for the Senate, on the labor issue. Metzger is the contractor who has been building the breakwater, and the Hilo Labor Union charges him with having refused to enter into a stipulation not to employ Japanese labor. The labor men are therefore preparing to take the field specially against him.

Reports from the big island are to the effect that McCandless has made a whirlwind tour of the various districts, and has talked land and immigration into sympathetic native ears. He has roasted the Frear administration and attacked the Board of Immigration. Link argues that there is enough cheap labor in the country now and he makes a particular appeal to the many disgruntled homesteaders on Hawaii.

### NEW YORK HAS ROOSEVELT-HUGHES PLATFORM

(Associated Press Cable to The Star.)

SARATOGA, New York, Sept. 28.—The Republican state convention today chose Elihu Root for permanent chairman. On taking the chair Senator Root made an address in which he said that the minority in the convention accepted the results of yesterday's balloting and urged that all worked for party harmony.

The platform adopted by the convention endorses the Taft administration, but does not contain any endorsement of Taft for the nomination in 1912. This is according to the program of the Progressives, who declared that it was not the province of a state convention to endorse a presidential candidate two years ahead.

The Payne-Aldrich tariff law is declared in the platform to be a success.

A demand for the direct primary is included in the convention's declaration of principles. This was one of the policies over which Roosevelt and Governor Hughes differed with the state machine, and the Roosevelt victory of yesterday commits the party to the direct primary as desired by Hughes.

Another feature of the platform is a pledge to the prosecution of graft in public office.

### REFUSES AGAIN TO BE GOVERNOR

ROCHESTER, N. Y., Sept. 28.—Mayor Gaynor of New York has made a final refusal to accept the nomination of the Democratic convention for governor of New York. He declares that he cannot at this time give up the work he has undertaken as mayor of New York. The convention will name a state ticket tomorrow. The nomination for governor would be given to Gaynor by acclamation if he would accept, but in view of his absolute refusal his name will not be presented.

MADISON, Wis., September 28.—The Republican state convention has adopted a radically progressive platform, placing the state in the insurgent column.

SHANGHAI, Sept. 28.—The Tenyo Maru, which went ashore here yesterday, has been refloated and is undamaged.

(Special Cable to The Star.)

WASHINGTON, D. C., September 28.—Frederick Cleveland has been appointed to head the commission of experts to investigate expenditures in the executive departments.

NEW YORKERS NAME CHOICE FOR GOVERNOR.

SARATOGA, New York, September 28.—Henry L. Stimson, former United States District Attorney of New York, was nominated for governor by the Republican convention today. Stimson won fame as the prosecutor in the sugar trust fraud cases, and his nomination is a result of the record he made in those cases.

### LOW WANTS TO BE ROAD MAN

Though neither of them is elected yet, there is a quiet out nevertheless strenuous contest being waged between J. C. Quinn and Eben Low for the position of chairman of the road committee of the next board of supervisors.

Quinn is the chairman of the road committee now, and a candidate for re-election as supervisor. If he is re-elected, he wants to be chairman of the road committee again. But it seems to be doubtful whether he will be. Eben Low is running for supervisor on the Republican ticket, with excellent chance of being elected, and he would like, if he is elected, to be chairman of the road committee. Low has done some road building before, and is disposed to feel that his proper place, if he becomes a supervisor, will be that of chairman of the road committee.

Under the rules now in force the supervisors appoint their own committees, this being the final result of the row the present board had with Mayor Fern at the beginning of his term.

### REPUBLICANS OF MAUI OUT FOR KUHIO

(Wireless to The Star.)

WAILUKU, September 28.—The Republican county convention met here today. D. C. Lindsay was chosen chairman.

The convention unanimously endorsed the nomination of Prince Kuhio for Delegate to Congress, and approved his record. The Republican Territorial platform was also endorsed.

It was agreed in caucus that Lahaina district should nominate a candidate for senator.

Treasurer R. R. Trent's report for August, presented at a meeting of the board of supervisors today, showed disbursements of \$58,209.36 from the general fund and the balance in hand at the end of the month was \$100,063.35.

A resolution was passed directing the clerk to write to Supervisor Aylett asking for an explanation of his absence from several consecutive meetings of the board.

### KUHIO'S HAWAII ROUTE PLANNED

HILO, September 24.—The Republican campaign will start off with a rush on Wednesday night, with a huge rally at Moheau Park, the principal speaker being Delegate Kuhio, who will arrive here from Honolulu on Wednesday morning and will make a tour of the island before returning. The Delegate will be given every opportunity to address the meeting and express his views and while the candidates for the county offices, Legislature and Board of Supervisors will all be on hand and seated on the platform, outside of being introduced to the audience, they will not be expected to take a great hand in the speech making.

On Thursday and Friday Olua will be visited and the section of North Hilo as far as Hakalan. On Saturday Puna will have the call and a meeting will be held in Kalapana that night. Sunday will be observed as a day of rest and on Monday the prince will again take up his work, leaving for Kau and then following on through the Kona and Kohala and returning to this city by way of Hamakua.

### JUDGE DENIES A REHEARING

The motion for a re-hearing of the case in admiralty of Allan Pasquin against the American schooner David Evans, was denied by Judge Robertson this morning. Attorney George A. Davis who appeared for Pasquin, dissented from his honor's ruling, and asked to be allowed to file exceptions. He said that he wished to appeal to the United States Circuit Court of Appeals, and he would like the appeal to be filed with bonds.

Attorney Peterson who appeared for the American schooner, objected. He said that there was no reason why Pasquin should be shown special leniency. He asked that the ship be released without bonds.

Attorney Davis asked that the ship only be released under \$2,000 bonds. The question was reserved for argument tomorrow morning.

### LURLINE BRINGS MUCH STOCK

With forty-nine passengers from San Francisco to Honolulu, 5,625 tons of cargo, an assortment of horses, balls and sheep and sixty-nine sacks of mail the Matson Navigation Company's steamer Lurline arrived in port this morning. Purser Warren reports a fine smooth trip. The Lurline took six days, twenty-one hours and forty-five minutes on the trip, not berthing at the Hackfeld wharf until eleven o'clock this morning.

The Honolulu cargo amounted to 4,200 tons, which includes a large shipment of frozen meat for the U. S. Depot quartermaster and miscellaneous stores. There were thirteen bulls on board for the Waterhouse Trust Company, two horses consigned to the Club Stables and one for J. F. Colburn, and twenty sheep for Hindolph and Company. For Kahului there are 1425 tons of cargo on board, including twenty ton boilers for Pala.

Among the passengers were the following: W. H. Templeton, who has brought with him a supply of black bass with which it is proposed to stock the Waihlawa Reservoir; Colonel Mills of the Treasury Department who is on a government mission; M. de Krawewski and M. Lavassor, of Paris, who are well known turf supporters now enjoying a trip round the world; Mr. and Mrs. Walsh of the H. C. and S. Co's Puunene Mill; and Judge and Mrs. McKay.

SOLD AN OLD FISH.

In June last Cheong Hang sold to one Opupele a fish that had been dead a long time, and when Opupele discovered that the deceased was making its presence felt in an objectionable manner, he took it to the inspector of the markets, who charged Cheong Hang. Cheong, however, declined to admit that the fish was beyond the edible stage, and Judge Andrade fined him \$7 for his lack of discernment. This decision was appealed against, but before Circuit Judge Cooper this morning Cheong pleaded guilty, and sentence was suspended for six months.
